1 SOP 1: Store Opening Procedure

Objective: To ensure the café is fully operational, clean, and ready to serve customers before opening hours.

Scope

Applies to all Alpino Café outlets and all opening shift staff.

Responsible Staff

- Store Manager
- Shift Supervisor
- Kitchen Staff

Required Tools & Equipment

- POS terminal
- Cleaning equipment
- Ingredient prep containers
- Temperature log sheets

Step-by-Step Procedure

1. **Store Entry and Safety Check** — 5 min
   Manager unlocks store 30 minutes before opening time. Turn on the main power supply. Inspect the kitchen area for safety issues.

2. **Equipment Activation** — 5 min
   Turn on: coffee machine, blender stations, refrigerator and display units, POS system.

3. **Ingredient Preparation** — 10 min
   Kitchen staff prepare: chopped vegetables, sandwich fillings, smoothie bases.

4. **POS System Check** — 3 min
   Verify: menu items active, pricing updated, online aggregators synced.

5. **Store Readiness** — 5 min
   Check: dining area cleanliness, takeaway packaging availability, beverage cups stocked.

Quality Control Checklist

- ✓ All equipment functioning
- ✓ Ingredients prepped and stored correctly
- ✓ POS system operational
- ✓ Store cleaned and organised

Total Expected Opening Time: 25–30 minutes

2 SOP 2: Staff Uniform and Grooming Standards

Objective: To maintain a professional and hygienic appearance for all Alpino Café employees.

Scope

Applies to all front-of-house and kitchen staff.

Responsible Staff

- Store Manager
- Shift Supervisor

Required Uniform

- Alpino branded t-shirt
- Black trousers
- Apron
- Closed-toe shoes
- Hair net (kitchen staff)

Grooming Standards

Employees must maintain clean hands and nails, avoid jewellery while handling food, keep hair tied back, and maintain overall hygiene.

Step-by-Step Procedure

1. **Pre-Shift Uniform Check** — 2 min / employee
   Supervisor checks uniform cleanliness, personal hygiene, and name badge visibility.

Quality Control Checklist

- ✓ Uniform clean and ironed
- ✓ Hair tied or covered
- ✓ Hands sanitised before shift
- ✓ No jewellery in the kitchen area

---

3 SOP 3: Customer Greeting and Order Taking

Objective: To ensure fast, professional, and friendly service while maintaining high order accuracy.

Scope

Applies to all customer-facing staff.

Responsible Staff

- Cashier
- Shift Supervisor

Required Equipment

- POS terminal
- Order display system
- Receipt printer

Step-by-Step Procedure

1. **Greeting** — ≤ 5 sec
   Greet the customer within 5 seconds of entry.
   Standard greeting: "Welcome to Alpino Café! What can I get started for you today?"

2. **Identify Order Type** — 5 sec
   Ask if the order is for dine-in or takeaway.

3. **Take Order** 30–45 sec
   Input order into POS. Confirm item name, quantity, and customisation.

4. **Suggest Upsell** 5 sec
   Recommend one add-on. *Example: "Would you like to add a smoothie or protein bowl with that?"*

5. **Payment Processing** 10 sec
   Accept UPI, card, or cash. Print receipt.

Quality Control Checklist

- ✓ Order correctly entered in POS
- ✓ Customer order confirmed verbally
- ✓ Receipt provided
- ✓ Upsell attempted

Total Expected Order Time: 45–60 seconds

4 SOP 4: Order Processing Using POS (PetPooja)

Objective: To ensure accurate order processing and efficient coordination between the cashier and kitchen.

Scope

Applies to all POS operators and kitchen staff.

Responsible Staff

- Cashier
- Kitchen Staff

Step-by-Step Procedure

1. **Order Entry** — 30 sec
   Cashier inputs order into the POS system.
2. **Kitchen Notification** — Instant
   Order automatically appears on the kitchen display system or order ticket printer.
3. **Order Preparation**
   Kitchen staff begin preparation immediately.
   - Beverages — 90 seconds
   - Sandwiches — 2 minutes
   - Protein bowls — 3 minutes
4. **Order Completion** — < 3 min total
   Kitchen staff mark order as completed. Cashier calls customer number.

Quality Control Checklist

- ✓ Order matches POS receipt
- ✓ Order served within time target
- ✓ Items prepared correctly
- ✓ Packaging correct for takeaway

5 SOP 5: Beverage Preparation Standards

Objective: To ensure beverages (coffee, smoothies, protein shakes) are prepared consistently with standardised taste, hygiene, and preparation speed.

Scope

Applies to all beverage preparation staff.

Responsible Staff

- Beverage Station Staff
- Shift Supervisor

Required Equipment

- Coffee machine
- Blender
- Measuring scoops
- Milk frother
- Ingredient containers

Step-by-Step Procedure

1. **Order Verification** 5 sec
   Check beverage order on POS display. Confirm cup size and customisation.

2. **Ingredient Preparation** 15 sec
   Prepare ingredients: Smoothie = fruit + milk + protein powder; Coffee = espresso + milk.

3. **Beverage Preparation** 45–60 sec
   - **Coffee:** Extract espresso shot and steam milk.
   - **Smoothies:** Blend ingredients for 20–30 seconds.
   - **Protein shakes:** Blend for 15 seconds.

4. **Presentation** 10 sec
   Pour into the correct cup size. Add lid and straw if takeaway.

Quality Control Checklist

- ✓ Correct cup size used
- ✓ Smooth texture for blended drinks
- ✓ Beverage temperature 60–65°C (hot drinks)
- ✓ Order matches POS receipt

Total Expected Preparation Time: 60–90 seconds

6 SOP 6: Protein Bowl / Healthy Meal Assembly

Objective: To standardise the preparation of protein bowls and meals to ensure consistency and speed.

Scope

Applies to all kitchen staff responsible for bowl preparation.

Responsible Staff

- Kitchen Staff
- Shift Supervisor

Required Equipment

- Prep containers
- Portion scoops
- Assembly station
- Food gloves

Step-by-Step Procedure

1. **Order Check** — 5 sec
   Review order from POS display.
2. **Base Preparation** — 20 sec
   Add base ingredient (e.g., millet, oats, soba noodles, whole wheat pasta).
3. **Protein Component** — 20 sec
   Add protein portion (e.g., paneer, tofu, nutrela, beans) using standard portion scoop.
4. **Vegetables and Toppings** — 20 sec
   Add vegetables and sauce according to the recipe.
5. **Packaging / Serving** — 10 sec
   Serve in a bowl or takeaway container.

Quality Control Checklist

- ✓ Correct portion size
- ✓ Proper temperature maintained
- ✓ Balanced ingredient distribution
- ✓ Bowl matches POS order

Total Expected Preparation Time: 2–3 minutes

7 SOP 7: Food Safety and Hygiene Standards

Objective: To maintain strict hygiene standards and prevent food contamination.

Scope

Applies to all employees handling food.

Responsible Staff

- Store Manager
- Kitchen Staff
- Shift Supervisor

Hygiene Requirements

All staff must:

- Wash hands every 30 minutes.
- Wear gloves when handling food.
- Wear hair nets.
- Sanitise work surfaces regularly.

Step-by-Step Procedure

1. **Hand Hygiene** — 30 sec
   Wash hands using soap for 20 seconds.
2. **Surface Sanitisation** — 1 min
   Clean preparation surfaces with a food-safe sanitiser.
3. **Cross-Contamination Prevention**
   Separate storage areas for raw ingredients, cooked food, and dairy products.
4. **Temperature Control**
   Refrigerator temperature must remain between **2°C – 5°C**.

Quality Control Checklist

- ✓ Staff wearing gloves and hair nets
- ✓ Refrigerator temperature maintained
- ✓ Surfaces sanitised
- ✓ No expired ingredients used

8 SOP 8: Inventory Management and Daily Stock Checks

Objective: To ensure sufficient ingredient availability while minimising waste.

Scope

Applies to all kitchen and store management staff.

Responsible Staff

- Store Manager
- Kitchen Staff

Required Tools

- PetPooja inventory module
- Stock register
- Barcode scanner

Step-by-Step Procedure

1. **Daily Opening Stock Check** — 5 min
   Count key ingredients: paneer, tofu, vegetables, sauces, milk.
2. **POS Inventory Update** — 3 min
   Update stock levels in the POS inventory system.
3. **Mid-Day Stock Monitoring** — 2 min
   Supervisor checks high-usage items.
4. **Reorder Trigger** — 2 min
   If stock falls below the minimum threshold, place a reorder request.

Quality Control Checklist

- ✓ Stock levels updated in POS
- ✓ Minimum stock thresholds maintained
- ✓ No expired items in inventory
- ✓ Ingredients stored properly

Total Expected Check Time: 10 minutes

9 SOP 9: Ingredient Storage and Cold Chain Management

Objective: To maintain ingredient freshness, safety, and quality through proper storage and temperature control.

Scope

Applies to all kitchen and inventory staff handling food ingredients.

Responsible Staff

- Store Manager
- Kitchen Staff
- Shift Supervisor

Required Equipment

- Refrigerators
- Freezers
- Temperature log sheet
- Airtight storage containers

Step-by-Step Procedure

1. **Ingredient Receiving** — 3 min / batch
   Inspect ingredient quality upon delivery. Check packaging integrity and expiry date.

2. **Temperature Check** — 1 min
   Measure the temperature of refrigerated items before storage.
   - Refrigerated products: **2°C – 5°C**
   - Frozen products: **−18°C or below**

3. **Storage Organisation** — 3 min
   Store ingredients by category (dairy, vegetables, protein, sauces). Label all containers with the **date of storage**.

4. **FIFO Implementation** — Continuous
   Follow First-In-First-Out (FIFO) principle. Older stock must be used before newer stock.

Quality Control Checklist

- ✓ All ingredients labelled with date
- ✓ Refrigerator temperature logged every 4 hours
- ✓ FIFO followed
- ✓ No expired ingredients in storage

10 SOP 10: Waste Management and Expiry Control

Objective: To minimise food wastage and ensure expired ingredients are properly discarded.

Scope

Applies to all staff responsible for ingredient handling.

Responsible Staff

- Store Manager
- Kitchen Staff

Required Equipment

- Waste bins
- Expiry tracking log
- Inventory system

Step-by-Step Procedure

1. **Expiry Check** — 3 min
   Kitchen staff check ingredient expiry at the start of each shift.
2. **Waste Segregation** — 2 min
   Separate waste into: food waste, packaging waste, and recyclable materials.
3. **Expired Item Disposal** — 1 min
   Expired items must be recorded in the waste log and discarded immediately.
4. **Waste Reporting** — 2 min
   Manager reviews the waste report daily to identify over-ordering or low-demand items.

Quality Control Checklist

- ✓ No expired items used in preparation
- ✓ Waste bins cleaned regularly
- ✓ Waste log updated daily
- ✓ Excess wastage reported to manager

11 SOP 11: Customer Service and Complaint Handling

Objective: To resolve customer complaints quickly and maintain positive customer relationships.

Scope

Applies to all customer-facing staff.

Responsible Staff

- Cashier
- Shift Supervisor
- Store Manager

Step-by-Step Procedure

1. **Listen to the Customer** — 30 sec
   Allow the customer to explain the issue without interruption.
2. **Acknowledge the Issue** — 10 sec

Respond politely: *"We're sorry for the inconvenience. Let me fix this for you immediately."*

3. **Verify the Issue** 20 sec
   Check order receipt and the prepared item.

4. **Offer Resolution** 1 min
   Possible resolutions: replace item, refund, or provide a complimentary item.

5. **Record Complaint** 20 sec
   Log the issue in the complaint register.

Quality Control Checklist

- ✓ Customer treated respectfully
- ✓ Complaint resolved within 3 minutes
- ✓ Issue recorded in complaint log
- ✓ Manager notified if repeated issue occurs

12 SOP 12: Store Closing Procedure

Objective: To ensure the store is cleaned, inventory is secured, and systems are properly shut down at the end of the day.

Scope

Applies to all closing shift staff.

Responsible Staff

- Store Manager
- Shift Supervisor
- Kitchen Staff

Step-by-Step Procedure

1. **Stop New Orders**
   Stop accepting new orders 10 minutes before closing time.
2. **Equipment Shutdown** — 5 min
   Turn off: coffee machines, blenders, cooking equipment.
3. **Cleaning** — 10 min
   Clean: kitchen counters, equipment surfaces, dining area.
4. **Inventory Check** — 5 min
   Record remaining stock and update POS inventory.
5. **POS Closing** — 2 min
   Generate daily sales report from POS.

Quality Control Checklist

- ✓ Kitchen cleaned and sanitised
- ✓ Refrigerators checked and closed
- ✓ POS sales report generated
- ✓ Store locked securely

Total Expected Closing Time: 20–25 minutes

---

13 SOP 13: Staff Training and Onboarding

Objective: To train new employees on Alpino Café operations and ensure consistent service quality.

Scope

Applies to all new hires.

Responsible Staff

- Store Manager
- Training Supervisor

Training Duration

15–20 Days structured programme

Training Programme Structure (15–20 Days)

Module	Title	Topics Covered	Duration
1	**Brand Orientation**	Alpino brand values, clean-label philosophy, customer service standards	**1 Day**
	POS System Training	Order entry, payment processing, inventory updates	**2 Days**
3	**Kitchen Operations**	Beverage preparation, protein bowl assembly, hygiene standards	**10 Days**
	Customer Service	Greeting customers, complaint handling, upselling techniques	**3 Days**

Quality Control Checklist

- ✓ Staff completes all training modules
- ✓ Staff demonstrates correct preparation methods
- ✓ Supervisor evaluation completed
- ✓ Staff certified before independent work

14 SOP 14: Franchise Quality Audit Checklist

Objective: To maintain consistent brand standards across all franchise outlets.

Scope

Applies to all Alpino franchise locations.

Responsible Staff

- Franchise Operations Manager
- Quality Audit Team

Audit Frequency

Conducted **once every month** across all franchise locations.

Audit Areas

#	Area	Details
1	**Store Hygiene**	Cleanliness of the kitchen and staff hygiene compliance
	Food Quality	Taste consistency and ingredient freshness
3	**Service Speed**	Order taking → 45 sec · Beverage prep → 90 sec · Delivery → <3 min
	POS and Reporting	Verify POS accuracy, daily sales reporting, and inventory updates
5	**Brand Standards**	Uniform compliance, menu consistency, and branding materials

Audit Scoring System

Evaluated on a **100-point scale:**

90–100 Excellent → **75–89** Acceptable → **Below 75** Corrective Action

Quality Control Checklist

- ✓ Audit report completed
- ✓ Operational issues documented
- ✓ Improvement plan issued if necessary
